

There are two methods. Both require the Active Inspire. If you do not find pdf under import, and you have Active Inspire then on the 'dash board' click on configure and find updates. Then install needed updates. The most current Active Inspire will convert pdf into flip charts.

Two different ways to import CSCOPE Lessons in pdf to flipcharts.

First method:

1. Save CSCOPE lesson to desktop.
2. Open ActiveInspire
3. Click on **File**, mouse to **import** and slid mouse over to **PDF** then release mouse.
4. Select the saved CSCOPE pdf file on desktop.

Second method:

1. Save CSCOPE lesson to desktop.
2. Click on pdf icon on tools box
3. Select CSCOPE lesson you saved.
